

White Water Mfg. Inc.

P.O. Box 649 / 724 Ort Lane – Merlin, OR 97532 (800)467-6827

LIMITED WARRANTY

White Water Manufacturing Inc. guarantees to the (retail or commercial) original purchaser of **SOTAR ELITE** rafts, catarafts and kayaks:

- *6 Years serviceability of Lexatron Fabric
- *6 Years on all welded seams
- *6 Years on valves
- *6 Years on D-rings, handles and components

In order to correct any possible defects, the original owner of the Sotar product must submit in writing, notification of said defect to White Water Mfg. Inc., wherein owner will be instructed to deliver or ship product, freight prepaid to the factory repair station for evaluation and/or repair.

The judgment of factory trained representative **IS FINAL**. Any repair not considered to be Warrantable will be paid by the customer after notification and approval. Once the repair work has been completed, warranty and/or non-warranty, the customer will have 30 days from notification to cover and arrange for shipment or pickup. Any boats left longer then 45 days after notification will incur a monthly storage fee.

Warranty is not transferable and is good to the original purchaser only.

Warranty does not include any damage caused by excessive abuse, over-inflation, or conditions not considered to be normal wear and tear.

Normal care such as cleaning, checking and tightening valves, and proper storage to avoid damage is the customer's responsibility and will not be covered under warranty.

If a boat under warranty is determined not repairable, we will then determine a trade in value based on the price paid for the boat, the years of use the boat has had, and the condition of the raft. When customer approval for the trade in value has been approved by the customer, we will then replace the boat at a discounted price less the trade in value and less repair work cost we would have incurred.

*Any extra hardware (rope, grab loops, knotted or heat welded webbing or straps) that must be Removed to do the repair work is the customer's responsibility to remove prior to having the repair work done.
